Experience

UI/UX Design and Front-End Developer | Freelance

MARCH 2016 - PRESENT

I've worked with clients mainly through Upwork and networking connections, working on web UI design, web UX design, mobile UX design, and mobile UI design.

Creator, UI/UX Designer, Developer, Marketer | Authora & Archive

JULY 2016 - PRESENT

I am currently working on two products, the first is a web app that allows authors to easily create responsive web-based books and add interactive elements with the goal of increasing reader retention and engagement. The second is a mobile app that allows a designer to collect inspiration they find out in the world all in one place, organized and easily searchable.

Lead Creative / Lead Developer | MindNET Ghana

AUGUST 2016 - DEC 2016

Working as the Creative and Developer Lead, I worked on a large range of products including but not limited to designing and developing a web e-commerce platform and design and developing a mobile app.

Designer | RED Interactive Agency

JUNE 2015 - MARCH 2016

Worked with a team to re-design a responsive web experience for Pechanga.com, worked for WGN America's Outsiders and Underground Experience. Also worked for A&E's *Asterisk website as well as working on the landing page redesign.

Creative Intern | THR33FOLD Integrated Interactive and Digital Marketing Agency

JUNE 2014 - AUGUST 2014

Worked on developing promotional animated videos, designed and implemented social media content, and worked on designing and developing responsive websites.
